## UNITED STATES PATENT AND TRADEMARK OFFICE

## BEFORE THE BOARD OF PATENT APPEALS AND INTERFERENCES

## STRYKER CORPORATION,

Junior Party (Patent 5,266,683,

Inventors: Hermann Oppermann, Engin Ozkaynak, Thangavel Kuberasampath,

David C. Rueger and Roy H.L. Pang),

V.

GENETICS INSTITUTE, LLC,

Senior Party

(Application 08/319,831

Inventors: Rodney M. Hewick, Jack H. Wang, John M. Wozney and Anthony J. Celeste).

Patent Interference 105,508 (RES) (Technology Center 1600)

Before: FRED E. McKELVEY, Senior Administrative Patent Judge, and RICHARD E. SCHAFER, and MARK NAGUMO, Administrative Patent Judges.

SCHAFER, Administrative Patent Judge.

## Judgment - Bd.R. 127

- 1 This interference is between Stryker's Patent 5,266,683 and Genetic
- 2 Institute's Application 08/319,831. The interference was declared because

an interference-in-fact existed between proteins claimed by Stryker and 1 proteins claimed by Genetics Institute. The invention of the parties as set 2 3 out in the sole count of the interference is 4 A purified BMP-8 protein or an isolated OP-2 5 protein comprising the sequence described by residues 1 to 402 of Seq. ID No. 28 of Patent 5,266,683 which 6 7 protein induces new bone formation in mammals. Paper 1, p. 3. The Declaration designated Stryker's Claims 21-26, 8 9 27/21, 28, 29, 39, 45-54, 58 and Genetics Institute's Claims 1 and 26-29 as corresponding to the count. 10 11 The parties were authorized to file certain motions, including motions asserting that the parties' claims did not interfere and priority 12 13 of invention. A schedule was set for filing the motions and priority statements. Paper 3. The filing of the priority motions, while 14 15 authorized, was deferred until the priority phase of the interference. 16 Paper 24, p. 2. An expedited schedule was set for the no interferencein-fact motions. Paper 24, p.1. Those motions were denied 17 (Paper 36) as was Stryker's request for reconsideration of the decision 18 19 (Paper 42). 20 The parties' priority statements were due May 11, 2007. 21 Paper 43, p. 3. No priority statements were filed. Additionally, the 22 parties filed a joint statement that neither party will be filing a priority 23 statement or any other authorized motions. Paper 44. 24 As the senior party, Genetics Institute need not file a priority 25 statement, nor file a priority motion. Rather, Genetics Institute may

rely on its effective filing date for priority. Stryker, however, as the

junior party must file a priority statement in order to put on a priority

case. 37 CFR § 41.204(b). Stryker's failure to file a priority

26

27

28

- statement and the indication that no authorized motions would be filed
- 2 is an abandonment of the contest and construed as a request for
- 3 adverse judgment. 37 CFR § 41.127(b)(4).
- 4 Accordingly, it is
- 5 **ORDERED** that judgment on priority as to the subject matter
- 6 of Count 1 (Paper 1, p. 3) is awarded against STRYKER
- 7 CORPORATION;
- 8 FURTHER ORDERED that STRYKER CORPORATION, is
- 9 not entitled to a patent containing claims 21-26, 27/21, 28, 29, 39,
- 10 45-54, 58 (corresponding to Count 1) of Patent 5,266,683;
- FURTHER ORDERED that a copy of this judgment be made
- of record in the file of Patent 5,266,683 and Application 08/319,831;
- FURTHER ORDERED that if there is any settlement
- agreement which has not been filed, attention is directed to 35 U.S.C.
- 15 § 135(c) and 37 CFR § 41.205; and

FURTHER ORDERED that the settlement agreement may be

2 filed in paper rather than by e-mail.
